

| Country | Institution | Type of Research | Beginning of collaboration |
|-----------|---|--|----------------------------|
| Italy | CNR/IVALSA | Experimentation on filter aids for extra virgin olive oil | 2013 |
| Italy | Université de Bari Aldo Moro | Oenological Biotechnologies | 2013 |
| Australia | The Australian Wine Research Institute (Urrbrae) | Experimentation on stabilizers | 2012 |
| Italy | University of Federico II (Naples) | Wood | 2011 |
| Italy | Ecole Agraire-GESAAF (University of Florence) | Ageing on lees with enzymes | 2011 |
| Italy | Turin University | Micro-oxygenation and experimentation on enzymes for colour fixing | 2010 |
| Italy | Verona University | Interaction between yeasts and bacteria | 2008 |
| Italy | Scientific and Technology park of Sicily (Caltanissetta) | Yeast selection | 2008 |
| France | INRA Versailles-Grignon | Hybridization, culture collection and molecular control on yeasts | 2006 |
| France | ENSBANA (Agrosup Dijon) | Glucanase and pectinase Production | 2006 |
| Italie | University of Modena Reggio Emilia (UNIMORE) | Natural selections of yeast and hybridization | 2005 |
| France | Bureau national interprofessionnel du Cognac | Yeasts for fermentation of Cognac | 2005 |
| France | Centre du Rosé | Trials of new yeasts | 2003 |
| France | University of Montpellier | Yeasts derivatives | 2003 |
| France | Chambre d'Agriculture de Gironde | Yeast and enzymes control. | 2002 |
| Belgium | Université catholique de Louvain | Antioxidants | 1999 |
| France | Institut Français de la Vigne et du Vin | Vinification trials | 1998 |
| France | Inra – Centre de Rennes | Enzymatic Control | 1998 |
| Italy | Université Catholique du Sacré Coeur (Piacenza) | <i>Lactobacillus plantarum</i> | 1997 |
| Italy | University of Florence | Yeast strains <i>non-Saccharomyces cerevisiae</i> | 1997 |
| France | Institut universitaire de la vigne et du vin Jules Guyot - IUVV (Dijon) | Alcoholic Fermentation | 1995 |
| France | INRA (Dijon) | Selection of new enzymatic activities | 1995 |
| France | University of Reims Champagne-Ardenne | Selection of yeast and enzymes | 1993 |
